

## **Entry-Level MEP Designer**

### **Mechanical / Electrical / Plumbing**

We are an established engineering firm seeking an **entry-level Mechanical, Electrical, or Plumbing (MEP) Designer** to join our team. This is an excellent opportunity for a recent graduate or early-career professional looking to grow in a collaborative, professional environment.

#### **Responsibilities:**

- Assist in the design and drafting of mechanical, electrical, and/or plumbing systems
- Prepare construction documents under the guidance of senior engineers
- Coordinate with project teams and other disciplines
- Revise drawings based on redlines, field conditions, and client feedback
- Learn applicable codes, standards, and best practices

#### **Qualifications:**

- Basic knowledge of AutoCAD and/or Revit preferred, but willing to train
- Strong attention to detail and willingness to learn
- Good communication and teamwork skills

#### **Benefits:**

- Paid Time Off (PTO) after the first year
- 401(k) plan eligibility after the first year
- Flexible scheduling within reason
- Supportive work environment with opportunities for professional growth

#### **Compensation:**

Starting pay will be based on relevant education and experience.

To apply, please submit your resume and any relevant coursework or experience to:
